FAMILY SPONSORSHIPS

Would you like to become a sponsor?

A sponsorship is a particularly personal and sustainable form of help, because as a sponsor your support gets „a face“. With your donation, you can help not only one child but the entire family and thus make a big difference in their lives. The exact impact of this kind of help is reported by the family in thank-you letters, through which a very personal contact between sponsors and families is established.

How does it work?

- With an individual contribution, which is passed on 100 per cent, you take over the sponsorship of a foster family with orphans.
- You will receive from us an info with picture and location of that family you support with your donation.
- Once or twice a year you will also receive a letter from your sponsor family (correspondence possible).
- At the beginning of the following year, you will receive a **donation receipt for your sponsorship** contributions for your tax return.
- Your sponsorship can be **terminated at any time** and without giving reasons.

We will be happy to answer any questions you may have. Please contact us.
